

NHS Solutions names Kathleen Short as President and COO

Monday, April 2, 2018

Scottsdale, AZ – NHS Solutions, Inc. (“NHS Solutions”) is pleased to announce that Kathleen Short has been promoted to President and Chief Operating Officer. Ms. Short is expanding her role to include management of all aspects of the business and lead the company through the next phase of company growth.

“Kathleen and I have worked together at NHS Solutions for the last 2 years and I am delighted she has agreed to take on the leadership position for the company”, said John Jager, co-founder and member of NHS Solutions Board of Directors. “This is the natural progression for Kathleen who has consistently achieved success with increasing responsibility. As the company continues to expand and the operational demands increase, Kathleen is the right person to lead the company through the next phase of our growth”, concludes Mr. Jager.

Prior to her new role as President and COO, Ms. Short was the Sr. Director of Finance and managed all finance, accounting, operations, contracts and recruiting for the company.

“I am excited to assume the new position at NHS Solutions and direct the company through the many opportunities before us. Our priorities are to continue year-on-year earnings growth and achieve new revenue milestones while maintaining flexibility and best-in-class customer support,” said Ms. Short. “We are in an excellent position to double our revenue in the next two years leveraging our scalable model, strong foundation and highly talented employees. I am proud to be leading an organization that has consistently demonstrated the highest ethical standards while serving the needs of our hospital clients and interim candidates,” concludes Ms. Short.
