CLIENT NEWS

New Account Program

NHS Solutions is pleased to announce our New Account Program. If we have not placed an Interim Leader at your facility within the last 2 years and we establish a new Service Agreement directly with your facility (no MSP/VMS), then you are eligible for this program.

Receive One Week Free

NHS Solutions will waive the service fee for the 13th week of an interim assignment. The one-time credit is the daily rate multiplied by 5 (days) for interims on the 'pass through' model. For interims on the 'all inclusive' model, the one-time credit is 75% of the daily rate multiplied by 5.

- 13-week minimum assignment length
- Can be applied to multiple hospitals within a system
- Does not apply to housing & other assignment expenses
- Maximum value \$6,500
